All rights reserved. No portion of this journal may be reproduced, by any process or technique, without the formal consent of the editors and publisher except copies of the article may be made for personal or internal use on the condition that the copier pay a fee of \$1.50 per copy through the Copyright Clearance Center, Inc., 21 Congress Street, Salem, Massachusetts 01970, for copying beyond that permitted by Sections 107 or 108 of the U.S. Copyright Law. This consent does not extend to other kinds of copying, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale. It is our policy to require the assignment of copyright from all contributors.

The AMERICAN JOURNAL OF MATHEMATICS is published six times annually: February, April, June, August, October, and December.

Information for Subscribers

Annual subscription prices: Institutions, \$60.00; individuals, \$20.00. Add \$3.00 for postage for subscriptions mailed outside the U.S.A. Single issue price: \$12.00.

Address changes, subscription inquiries, and all business communications should be sent to: The Johns Hopkins University Press, Journals Division, Whitehead Hall, 32nd and Charles Streets, Baltimore, Maryland 21218.

Claims for replacement of missing issues must be received within 3 months (6 months in the case of foreign subscribers) following publication of the issue.

Postmaster: Please send form 3579 to the above address.

Information for Authors:

Authors may submit manuscripts for publication to any of the four editors, whose addresses are as follows:

Professor Jun-Ichi Igusa, Department of Mathematics, The Johns Hopkins University, Baltimore, Maryland 21218.

Professor J. H. Sampson, Department of Mathematics, The Johns Hopkins University, Baltimore, Maryland 21218.

Professor Victor Guillemin, Department of Mathematics, The Massachusetts Institute of Technology, Cambridge, Massachusetts 02139.

Professor Richard G. Swan, Department of Mathematics, The University of Chicago, Chicago, Illinois 60637.

Manuscripts may be submitted in English, French, German, Italian, or Spanish. For general instructions consult the inside back cover. Authors should retain a copy of their manuscript. Please include a letter of submittal with each manuscript.

Reprints: 75 reprints with cover, or 50 each for authors of joint articles, will be furnished free to the authors of articles published in the Journal. Additional reprints may be ordered from The Johns Hopkins University Press.

Printed at Everybodys Press, Hanover, Pa. U.S.A.

Second-class postage paid at Baltimore, Maryland and at additional mailing offices.

Catastrophe Theory and Bifurcation

Applications to Urban
and Regional Geography

A.G. Wilson

"An excellent book. Wilson, an excellent mathematician himself, is well aware of the criticisms of glib applications of catastrophe theory. His exposition treads the fine line with great care and honesty, telling the reader exactly where imaginative and provocative speculation begin, where well-thought-out 'recastings' of previous ideas are solidly based."

—Peter R. Gould \$40.00

Jordanus de Nemore, De numeris datis:

A Critical Edition and
Translation

**Barnabas B. Hughes,
O.F.M.**

Now recognized as the first advanced algebra composed in Western Europe, Jordanus de Nemore's *De numeris datis* raised the study of algebra to a new level of abstraction. Included here along with the critical edition are a historical introduction and translations into English and into modern mathematical notation. \$37.50
